Bulgarian meeting was my first English speaking event outside the Czech Republic. I am glad that I can participate in the project, because it brings me a lot of new ideas and knowledge. Me and my students, we were completely satisfied with the Bulgarian hospitality and event program. It was a very nice beginning of our cooperation.

Thank you Petya for this wonderful week !

A lot of thanks our hosts and I'm looking forward the next course.

Don't be dismayed by good-byes. A farewell is necessary before you can meet again. And meeting again, after moments or lifetimes, is certain for those who are friends. Thank you for the hospitality.

The first contact couldn't be more warm and successful.

I wish you success in the project.

The organization of the course was really good and our host partner did a great job. Also, it was a very enriching experience for our students, which wil contribute to the improvement of their language and social skills.

It was a great experience. I'd like to thank all the Bulgarian teachers, parents and students who got involved in organizing the course and also to the other participants, teachers and students, for the nice atmosphere we had. "Go Back to the Origins" was the first course within the project "Water and Its Magical Power" and I am sure that the following courses will get better and better.

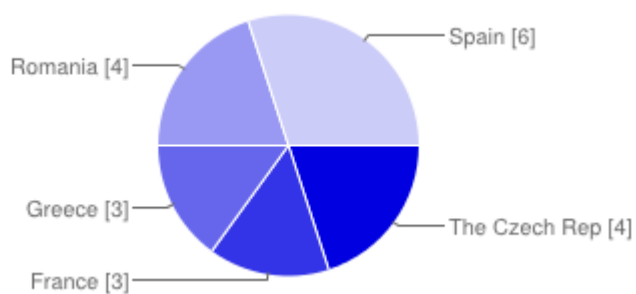

I really loved this international project since for me it was the first experience and I highly appreciate this type of intercultural exchanges. For me it's very important for our students to have this opportunity once in their school life. It can be one of the best way to be open-minded.
