**Monday, September 28<sup>th</sup>**

Our team was composed of four students: Kévin, Paul, Adrien, Alan and two adults : M. Mesmin our Headmaster and Mrs Duloung our teacher.

We left Brétigny-sur-Orge from 5:45 o'clock in the morning and we went at the airport by taxi, Eric was our driver.

We arrived in Vienna Airport at around 11:00 a.m., where we took a bus and we arrived in Brno at 3:30pm.

The Czech hosts were waiting to take us to their homes. And our teachers were going to stay at the hotel.

Tuesday September 29<sup>th</sup> - Alan

The first day we stayed with the others students and teachers involved in the project. Inside the council of Brno we listened the presentations of all the partners. After we ate at self, where the food was strange and we didn't really like it. Finally, we got groups for activities, we sang in Czech and we made bubbles.

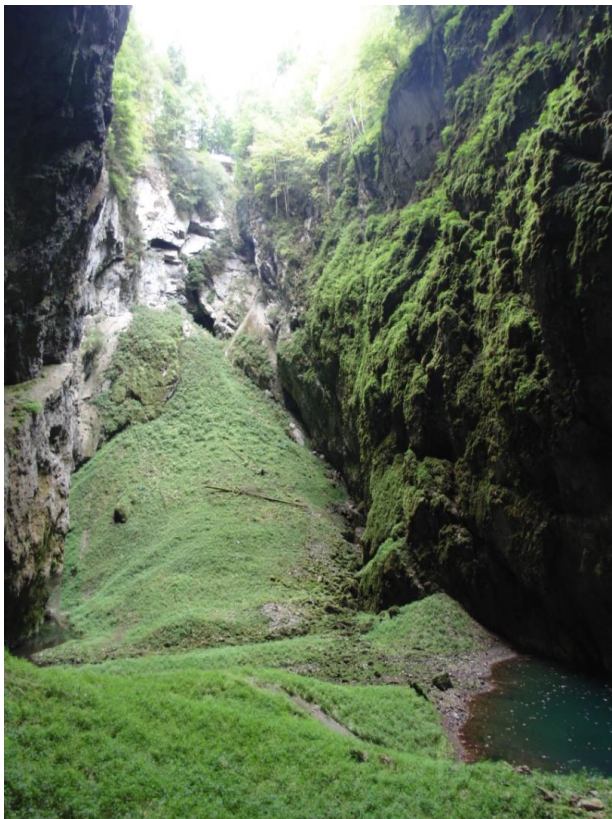

At night when I was at home I played a game with all family. I lose five times but it was very funny. After that I played video games with Jirka the brother of Thomas.

## Wednesday September 30<sup>th</sup> - Paul

On the second day we went to the Czech caves called Abyss Macocha, for this we walked 2 and a half kilometers. It was pretty long but pretty beautiful: we saw the Abyss. It was amazing, really deep more precisely it's 134,8 meters deep.

Then we visited the caves. The caves were really beautiful with a lot of stalactites, in the caves we took a little boat to cross the water into the caves. Finally we got out of the boat at the end of the caves.

After that we had a lunch in a really good restaurant : we ate beef stew, a typical Czech food.

At the end of the day we went back to school with the bus.

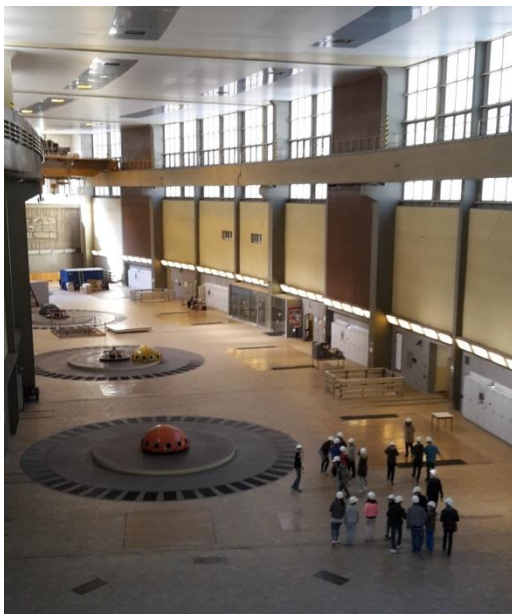

## Thursday October 1<sup>st</sup> - Adrien

Today, we were going to visit Brno. First of all, we had a look at a point of observation where we were able to see all the city. It was beautiful ! We saw a beautiful church too. After that we visited the city through its fountains. For me, the best fountain was which did words with water.

After lunch we had workshops with tablets and how to present the morning's walk in Brno.

## Friday October 2<sup>nd</sup> - Kévin

I waked up at 6:30 am. I took my breakfast and we went to school by bus and train. I was waiting my teachers and we took a bus during one hour for visiting the water power plant. It was a very interesting visit. After this visit we stopped for taking pictures of a nuclear power plant and it was time to have lunch. We ate in a typical brewery where we ate typical Czech food. When we finished eating, we visited a museum and played football with our water friends.

**Saturday October 3<sup>rd</sup>**

During this day, we visited a castle and we took a boat for a trip. It was amazing and exquisite. After lunch, we got ready for the goodbye party organized in the gymnasium. Everyone were relaxed, glad, and danced like a game boys against girls.

**Sunday October 4<sup>th</sup>**

We had a great week in Brno and the six of us were going back to France with a great smile and lot of good memories.

**THANKS FOR ALL !**
